The Sterling Small-Cap Value Diversified Composite (“Diversified Value”) includes all fully discretionary accounts that invest in our strategy which consists of a portfolio of small capitalization U.S. stocks that SPEA considers to be attractively valued compared to our estimate of its true worth. Our primary risk constraint is to minimize the potential for a permanent loss of capital. Our goal is to manage the composite with zero dispersion. For comparison purposes, the Diversified Value is measured against the Russell 2000 Value Index. The Sterling Small-Cap Value Focus Composite (“Focus Value”) includes all fully discretionary accounts that invest in our strategy which consists of a concentrated list of small capitalization U.S. stocks that SPEA considers to be attractively valued compared to our estimate of its true worth.
